# MARSDEN

Ultra-thin marble is widely used in the field of lighting because it is ultra-thin and has light transmission performance

# YACHT

1 mm ultra-thin marble is stuck on the outside of the yacht, which reduces the weight of the yacht.

## 游 内部 INSIDE

With the decoration of the ultra-thin natural gem glass curtain wall of the Apple flagship store in Macau, people have different understandings of ultra-thin stone  
All appearances are false, and if you see things that are not like each other, you will see them as they are  
Chaobo stone VS glass curtain wall is foreseeable as the growth point of the building materials industry.

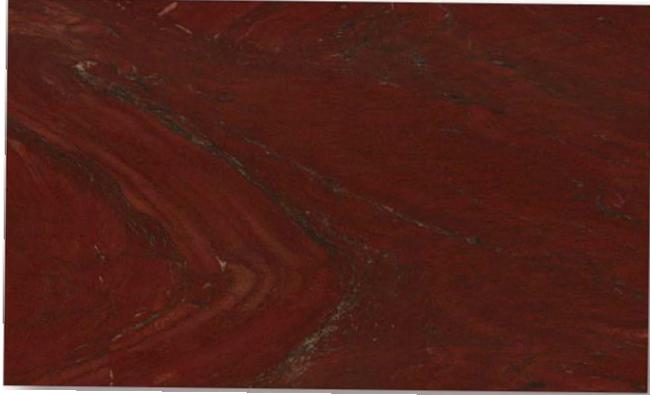

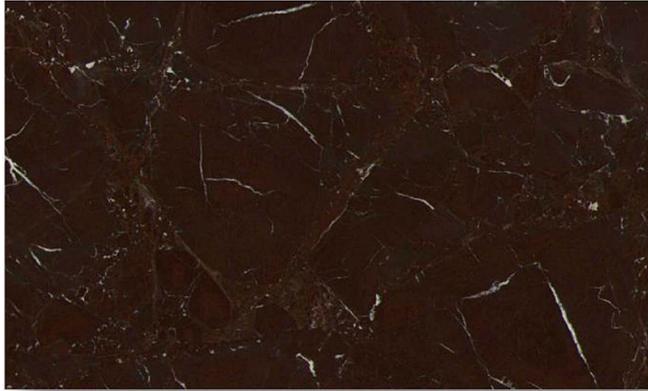

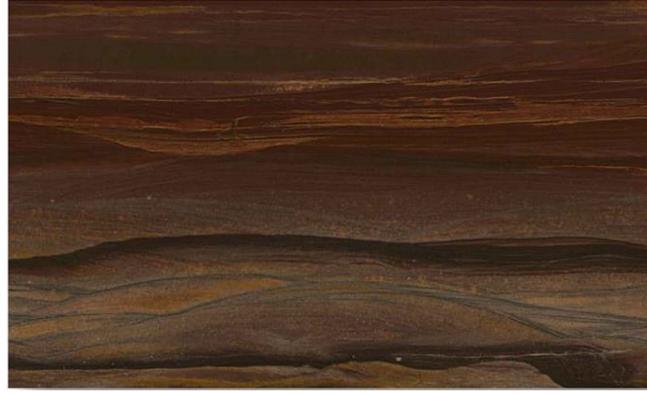

Handwritten text, possibly a signature or date, located to the right of the first image. The text is written in black ink and appears to be a name followed by a date, though the characters are somewhat obscured and difficult to read.
